

Erratum

We regret that an error was made in the following article:

Kaliontzopoulou, A., Carretero, M.A. & Sillero, N. (2010). Geographic patterns of morphological variation in the lizard *Podarcis carbonelli*, a species with fragmented distribution. *Herpetological Journal* 20 (1), 41–50.

Figure 3 on page 46 is incorrect. The correct version is reproduced below.

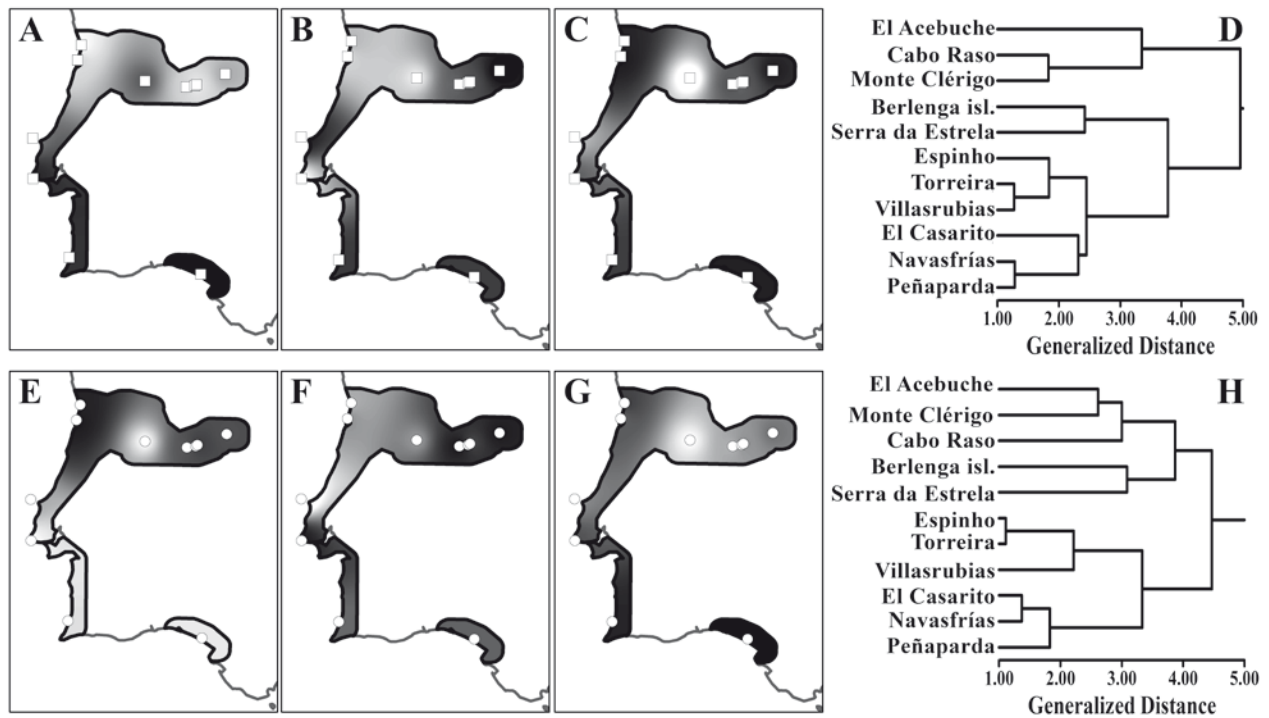

Fig. 3. IDW interpolation maps produced for the first three canonical variates of biometric variation and UPGMA phenograms based on the corresponding generalized distances between populations for male (top) and female (bottom) *P. carbonelli*. A, E: first canonical variate, B, F: second canonical variate, C, G: third canonical variate. In interpolation maps, lighter colours represent higher values and darker colours, lower values.
